

About The Build-It Bus:

A ministry of **Ardmore Presbyterian Church**, the Bus is a traveling, creative workshop that operates out of a refitted SEPTA para-transit bus. *The Build-it Bus* ministry was created and is run by Ardmore Presbyterian Church volunteers and is supported by the church. The bus travels to churches and city school yards, teaching wood-working and other skilled handicrafts to urban children. Students work on the bus itself, which is equipped with workbenches and manual tools re-engineered for use by children.

Young Children and Worship
MATERIALS WORKSHOPS

LET THE BUILD-IT BUS COME TO YOUR CHURCH

and help you make all the materials you need to set up a YC&W classroom

Young Children and Worship: Young Children and Worship is a unique approach to the spiritual formation of young children in a worship setting. Central to the program are beautifully told Bible stories presented to the children with well-crafted wooden figurines and props.

The Materials: Young Children and Worship requires 44 sets of figurines and other wooden story telling props - as well as shelving and other classroom equipment. *The Build-it Bus* can travel to your church and supply the raw materials, the tools and all the support you need to set up a fully equipped Young Children and Worship room at your church -- at a fraction of the cost of buying the supplies.

Everything You Need: We want to make this wonderful YC&W program possible for any church that is interested. Olivia Stewart-Robertson can provide orientation and training, while Sherina Poorman and *The Build-it Bus* can help you make the materials.

**Community-Building,
Fun,
For all ages,
Money-saving**

For all ages - Adults, Youth and children: There is a range of materials and tools - something for every age group.

No woodworking experience necessary: Pieces are pre-cut when necessary. They are set up to be joined with easy connectors such as biscuits and dowel pegs.

Beautiful woods: You will be using beautiful hardwoods (scraps from a local furniture maker).

Young Children & Worship Cost Comparisons (approx):

Full set purchased:

Materials for 44 stories:	\$2700

Materials for 44 stories:	\$700
Shelves (16 shelves)	\$400
Build-it Bus Fee:	\$300
Total:	\$1,400

For Under-Resourced Urban Churches

A **Covenant Grant** has been awarded by the Presbytery to help make these workshops affordable for urban churches whose budget won't cover these expenses. Depending on your budget, all or some of these costs can be covered.
